Manufacturers - Geographic Distribution

MISSISSIPPI

All but one county in the state have at least one manufacturing plant. As this map shows, Hinds County has the largest number of plants (238), and Mississippi's fourth-highest level of manufacturing employment (9,809). Jackson County has the highest level of manufacturing employment (17,494) and the ninth-highest number of plants (83). Lee County has the second-highest level of manufacturing employment at 16,175. Twenty-five Mississippi counties have over 3,000 manufacturing employees. The reported state total of manufacturing employees is 211,502.
